Sub: "PROTECTION OF DESIGNS THROUGH DESIGN REGISTER - STAKEHOLDERS CONSULTATION" on 07th April, 2018 (Saturday) req.

Dear Member(s),

EPCH has been playing a pivotal role in providing help and assistance to its member exporters with regard to design & product development and technology upgradation.

From time to time, it has been brought to our notice that the conflicts arise out of designs being copied by one or other members of the Council. In order to resolve such issues, the Council has decided to create a Design Register for its registered member exporters so as to enable them to register their new developed designs/products. The design register is an enduring platform developed by the council to register the new designs/products of its member exporters.
