With 574 exhibitors, India led the fair's largest participation, showcasing a diverse range of products. The EPCH Pavilion, featuring 59 member exporters across three halls, attracted buyers from

Europe, the USA, and beyond. The event also promoted the upcoming 59th IHGF Delhi Fair – Spring 2025 (April 16–19, 2025) to international trade visitors through the EPCH publicity booth.

During his visit to the EPCH Pavilion, Mr. B S Mubarak interacted with exhibitors and expressed his appreciation for the extensive variety of Indian handicrafts displayed at Ambiente 2025. He emphasised that Ambiente, being one of Germany's most significant international trade fairs, serves as a key platform for Indian exporters to expand their reach in global markets.

Indian participants showcased an exquisite collection of gifts, decoratives, Christmas decorations, fashion jewellery, wooden handicrafts, home textiles, leather goods, lamps & lighting, ceramics, incense, bags and bathroom accessories across three dedicated sections - Living, Dining and Giving.

With a total of 3,000 exhibitors from around the world, Ambiente 2025 provided an unparalleled platform for global manufacturers, retailers, and brands. India's strong presence added to the fair's vibrancy, further strengthening its reputation as a hub for high-quality home décor, gifts, and consumer products, and opening new avenues for sourcing from India. The cooperation extended by the Indian Mission in Germany played a vital role in facilitating the Council's participation. ■
