PROGRAM OVERVIEW

Comprehensive Export Management Training

Online Diploma In Export Management Offers Industry-Recognized Certification With Flexible Learning Designed For Aspiring Export Professionals.

This comprehensive program by EDII and EPCH is designed to equip you with essential knowledge and practical skills in export management. Our curriculum covers international trade regulations, export documentation, market analysis, and global business strategies.

The online format allows working professionals and students to learn at their own pace while gaining industry-relevant expertise. Our expert faculty brings decades of real-world experience in international trade and export operations.

Program Highlights:

- Industry-recognized certification jointly awarded by EDII and EPCH
- Flexible online learning with 24/7 access to course materials
- Practical case studies from real export scenarios
- Expert mentorship from trade professionals
- Networking opportunities with industry leaders

Whether you're starting your career in exports or looking to enhance your existing skills, this diploma provides the foundation for success in global trade.

Key Benefits

Why Choose This Program?

Industry-Expert Faculty

Learn from seasoned professionals with decades of experience in export management, international trade, and global business operations. Our faculty brings real-world insights directly to your learning experience.

Practical Case Studies

Engage with real export scenarios and case studies from leading Indian exporters. Apply theoretical knowledge to practical situations and develop problem-solving skills for the global marketplace.

Networking Opportunities

Connect with fellow professionals, industry leaders, and EPCH member exporters. Build valuable relationships that can open doors to partnerships, mentorship, and career opportunities in the export sector.

Career Advancement

Receive dedicated career guidance, resume building assistance, and access to job opportunities with EPCH member companies. Our placement cell actively connects graduates with leading exporters.

Networking Opportunities

Gain a recognized diploma that enhances your credentials in the export industry. Position yourself for leadership roles in international trade, export documentation, and global supply chain management.

ELIGIBILITY & DURATION

Who Can Apply?

Graduates from any recognized university or diploma holders in relevant fields are eligible. Working professionals in export-import, logistics, or international trade sectors are encouraged to apply.

Program Duration

The Online Diploma in Export Management spans 6 months with flexible learning schedules. Complete coursework at your own pace with 24/7 access to study materials and recorded sessions

ENROLLMENT PROCESS

How to Enroll

Visit the EPCH website and complete the online application form. Submit required documents including educational certificates and ID proof. Upon verification, receive your login credentials and begin your export management journey.
