

# Home Style Trend Forecast 2017 - Part II

Compiled by **Tom Mirabile**  
SVP, Global Trend & Design at  
Lifetime Brands, USA

For Home, Mr. Tom Mirabile draws attention to seven trends - Global Caravan, Simply Serene, New Modernist, A Perfect Balance, French Kisses, Into the Woods, Maritime Chic and Crafted Caravan. For 2016-2017 he touches upon a continuing trend of Farm to Table. The April issue featured Global Caravan and Simply Serene. This piece includes New Modernist and French Kisses.

## New Modernist

Transitional design looks back in time to the warmth of 1970s drawing in elements of confident glamour with comfortable elements

A perfect balance of nostalgic modern of pattern and detail blending retro with reality

## Colour

Vivid shades of malachite compliment flashy yellow pairs against black; Magenta is intense and vivid, and blue gets emboldened

An electric shade of teal, rich azure, and mixed mauves with saturation

Carmine red with orange helps black with brown feels new again

Black & white is classic contrast

# New Modernist

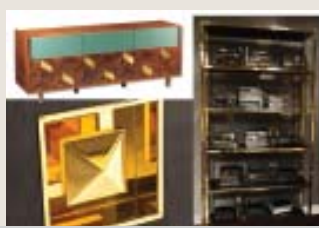

# Finish & Material

Metals are classic yet bold

Polished copper adds warmth

Gold is polished and bright

Brushed brass with soft texture

Marble brings a lux touch

Mirrored finishes in new ways

Glass goes gorgeous mottled with gold

## Pattern & Motifs

Hexagons become elongated

Ogees get squared off

Squares go dimensional

Structured lines on repeat

Delicate angles hint at chevron

Colour blocking feels anything but neutral

70s florals loud & outspoken

## Shape & Detail

Snakeskin textures bring the glam

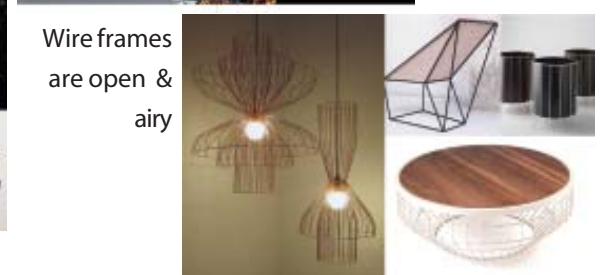

Hard surfaces take on tufted illusion

Jewellery inspired facets

Faceted forms for shapes

Wire frames are open & airy

# French Kisses

Transitional styling remains but redefined bringing a comfortable fresh perspective with subtle luxury mixed with European touches

## Colour

Clean white sets a comfortable tone

Spruce is softened and cool gray is calm

Pale rosewood brings a feminine hue while quiet peach softens

Dusk blues work against rosewood and wisteria balances with ochre

Brown moves warmer, fall gold is sun kissed

## Finish & Material

Patina grays mix warm & cool

Mocha brown wash for wood and metal

Whitewashed finishes soften up

Painterly layers on brass

Silver leaf adds a luminous glow

Marble gets refreshed with touches of colour

## Pattern & Motifs

Monochromatic, toile-inspired patterns

Elegant open scroll work is delicate and controlled

Warm and cool illustrative florals mix

Medallions make a formal statement

Feminine lace as pattern or material

## Shape & Detail

Curves are graceful and clean

Metallic framing & detailing

Aged effects are artful and international

Elegant notched edges

Delicate and textural stitched looks

Simplicity gets squared off

Styles blend together comfortably
